

Steps to Set Up Monthly Electronic Giving to FUMC

1. From the FUMC website (www.fumcboulder.org), click on 'Give' at the top right and then click on 'Donate Now' on the next screen.
2. Under 'Donations':
 - Specify monthly dollar amount for 'General/Operating'
 - For 'Donation Frequency' choose 'Monthly'
 - For 'Donation Start Date' choose the 1st or 15th of the month of your first electronic donation
 - Click the 'Continue' button
3. Under 'Donation Information':
 - Fill in all the personal information, including email address
 - Choose the type of bank account from which money will be transferred.
NOTE: It's best to specify a checking account; if you specify a credit card account then 3% of your donation goes to the credit card company.
 - Fill in the remaining bank account information
 - Click the 'Select Password' button to choose a password
 - Click the 'Process' button to complete your setup.

For later changes or additions (including doing one-time donations), you'll now be able to sign in from the initial 'Donations' screen using your email address and password. You'll simply need to fill in the dollar amount and purpose for your donation.

Electronic Giving for One-time Donations

1. Use the same steps as above, but for 'Donation Frequency' specify 'One Time'.
2. Choose any donation date.
