

Dear Friends, @FUMC

Thank you so much for taking the time this holiday season to shower the youth living at Attention Homes with love and support. Your generosity directly shows our program participants how valued they truly are, and sends a message of caring and compassion that cannot be spoken with words. We are happy to say that every single young person across all of our programs was able to receive gifts this Christmas, thanks to you. In addition, because of the successful donation drives that took place, we are now well stocked with toiletries and other essential items to continue providing for our multiple programs throughout the year. We know that we could not do the important work that we do without community members that believe in and fully support those that we serve, so thanks again, for everything.

Happy Holidays!
